

## **Union Hill ISD**

### **District of Innovation Planning Meeting (HB 1842)**

Union Hill ISD is investigating the option of becoming a district of Innovation. HB 1842 of the 84th Legislative Session allows school districts to create more local control in certain areas and allows a public school to have some of the same local flexibility as public charter schools. This District of Innovation designation can create the ability to provide an opportunity for our local district to develop plans based on the unique needs of our students and community. If the developed plan is approved it will be in effect for five years, and may be amended at any time by the committee with approval of the Board of Trustees.
